

How to filter books on MyOn

How to find more appropriate books:

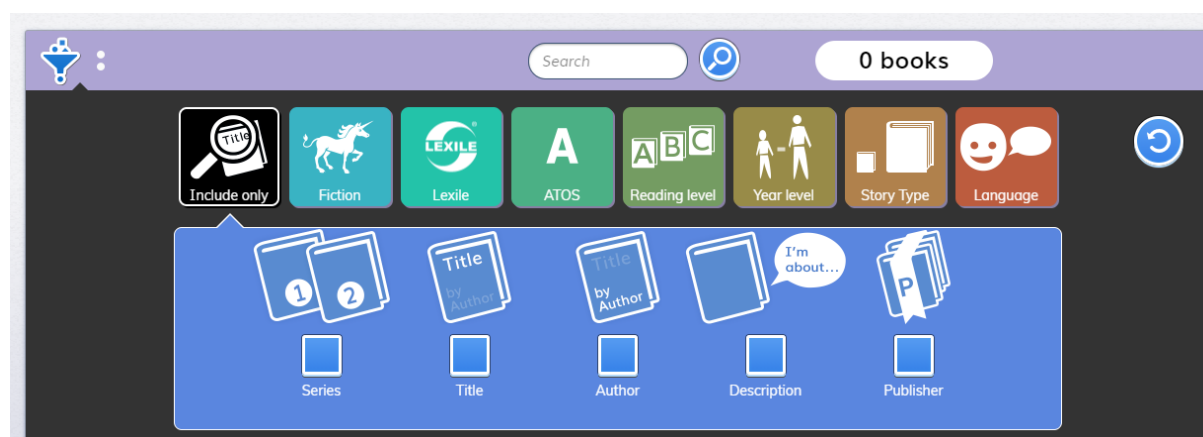

Go to Library, then search

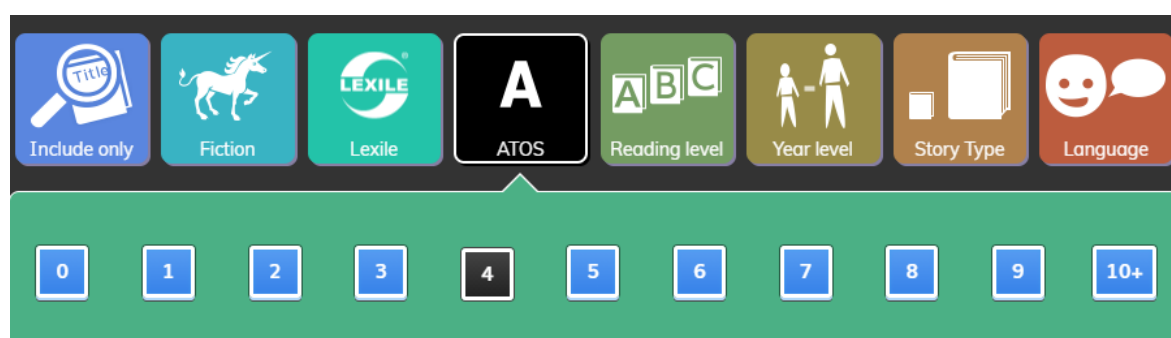

Then click on the Filter button:

This screen should appear

If you click on ATOS

Then you can choose what book level you are on. Click on the  after you have made your choice. Scroll down the screen and the books that fit that criteria will appear.

If you want to choose by year group, click on year level, choose your year group and then click . Scroll down the screen and the books that fit that criteria will appear.
